

Dave and Mandy Scott-Morgan.

It's my pleasure to recommend Dave and Mandy to you.

Mandy was a young child in an Elim church I pastored back in the 70's. Some years later, when I was at Christian Life Centre, Selly Oak, Mandy became an integral part of the church and was part of the full time drama team ministering in schools, clubs etc.. She subsequently spent some years in the Philippines as a missionary and has been actively involved in Christian ministry ever since.

Dave was converted at CLC some 30 years ago. His background in music, especially his time with ELO, may be known to you from other sources. Dave rapidly grew as a new Christian and eventually he and Mandy pastored a church for some ten years. Dave continued his secular song writing during this time and at the same time, began writing Christian material. He has produced a number of albums, both secular and Christian.

Their public presentations are of a high standard and are professionally produced. They are comfortable in either an evangelistic setting or, for example, in leading worship and teaching in a normal church service. God's anointing is very apparent in their ministry. They have a number of formats available to suit different situations.

I have no hesitation in recommending Dave and Mandy's ministry presentations to you.

Sincerely,

Rev. David Woodfield M.Th., M.A.
